

# COACHES SCREENING

Have a fun and rewarding experience while giving back to your community by becoming a NECC volunteer coach.

- Are you able to attend **all** practices and games?
- Are you able to attend the mandatory coaches meetings at NECC?
- Are you able to successfully pass an Oregon State Background Check?
- Are you able to put together lesson plans for your practices and teach the fundamentals?
- Have you played the sport?
- Are you aware that our leagues are equal playing time no matter the skill level or the attendance of players at practices/game?
- Have you coached a sport before? If so, what sport, what ages and with what organization?
- Are you aware that our leagues are recreational and the focus is not on the score but rather on player development and most importantly keeping it fun?
- What makes a good coach?

Please coordinate with our Youth Programs and Sports League Coordinator on your preference of practice dates and times.
