

NECC INCLEMENT WEATHER POLICY

Facility. It is the NECC's policy to keep the facility open during all scheduled hours, whenever possible. The Acting Building Supervisor retains the discretion to close the facility at any time for the safety of Members, Guests, and Staff.

Classes and Activities. The NECC follows the Portland Public Schools' closure schedule for all classes and activities. If PPS is closed, NECC classes and activities are cancelled for that day. In the event that PPS announces a late start or closure after any NECC morning classes have started, those classes will be completed; all other NECC classes and activities for the day will be cancelled. If classes and activities are cancelled due to inclement weather, we will strive to keep the NECC facility open for drop-in use. Information about PPS late opening or closures is located at:<http://www.pps.k12.or.us/>

If inclement weather occurs on the weekend, or if you have questions about whether the facility is open and/or classes and activities are cancelled, please contact the NECC facility at 503-284-3377, or check the NECC website at www.necommunitycenter.org.

The Acting Building Supervisor retains the discretion to close the facility or cancel classes at any time.
